

# The American Cancer Society's Priorities in Tobacco Control

**Richard C. Wender, MD**  
Chief Cancer Control Officer  
American Cancer Society

## Top Five Priorities

- Raise cigarette prices to the highest practical level
- Attain as close to 100% smoke-free public places as possible
- Make evidence-based tobacco dependence treatment available to all those who want to quit tobacco
- Advocate for every state to fund tobacco control at CDC recommended levels
- Take the fight against tobacco to the global arena
